## Round Bale Netwrap

### UniPak is proud to present 'Green Machine' Round Bale Netwrap.

UniPak **Green Machine Round Bale Netwrap**, is your choice when it comes to a reliable and safe netting for your fodder. Our new improved formula, made in the E.U with **high UV** for Australian conditions, incorporates a thick robust construction, that you can rely on. **Green Machine Netwrap** is the ideal protector for your round bales.

With a generous **kilogram force**, and the peace of mind of **high quality European construction** standards, Green Machine Netwrap is the choice for all modern round baling practices.

With a new improved resin formulation that offers a higher breaking strength, as well as an improved knitting process for more consistent coverage of the bales, **Green Machine Netwrap** is suitable for all balers.

If you need quality you can rely on in containing, handling and storage, then **Green Machine** should be your weapon of choice.
